NOVEMBER 2005

ViewFast™ Advantage Credit announces the new ViewFast™ Report!

[ViewFast™](#) helps you qualify more borrowers and close more loans by offering you the opportunity to view solutions to increase borrowers' low credit scores or build a credit score if none appears on the report.

We run borrowers' scores through the [CreditXpert Essentials™](#) scoring model, giving you a no-cost opportunity to see what the possible scores could be. If no score appears on the report, we provide access to [SCORMOR™](#), Advantage Credit's newest tool for validating and scoring non-traditional credit. ViewFast™ showcases these two new features on the summary page of the report at no extra cost to you! View a sample report [NOW!](#)
